

COURSE OL3120

Course Title : Self Paced ZP2 Commissioning Training

Training Institute : G2 Fire (www.g2fire.co.za)

Format : Online Self Paced
- Optional Practical Assessment

Venue : Online with Practical at:
• G2, Kya Sand, Johannesburg

Description

This is a SAQCC certified course which when passed can be used towards the 'Commissioner' accreditation of the SAQCC. The course covers both the theory and practical aspects of commissioning and completing advanced programming of the Ziton ZP2 Addressable Fire Panel. This is a self paced on-line course where the candidate can attend a practical assessment to gain their SAQCC Supplier Training 3 certification.

Course Topics

- Use and installation of the PCC Programming Software
- Setting up Zones
- Setting up and defining Rules
- Connecting to the panel to upload and download
- FireNet networking
- Software PAKs for additional features

Price : FREE
- Optional Practical Assessment R350 incl. VAT (required for certificate for SAQCC)

External Accreditation : SAQCC Supplier Training 3

Contact : Self Register - G2
• tel : 087 940 9322
• email : training@g2fire.co.za

NOTE in order to attend the Practical Assessment the candidate must have successfully completed all aspects of the on-line course and received a theory certificate. At which point they can attend work days 09:00 -14:00 to attempt the practical. No booking required. Payment is made on the day.
